

FIG. 1

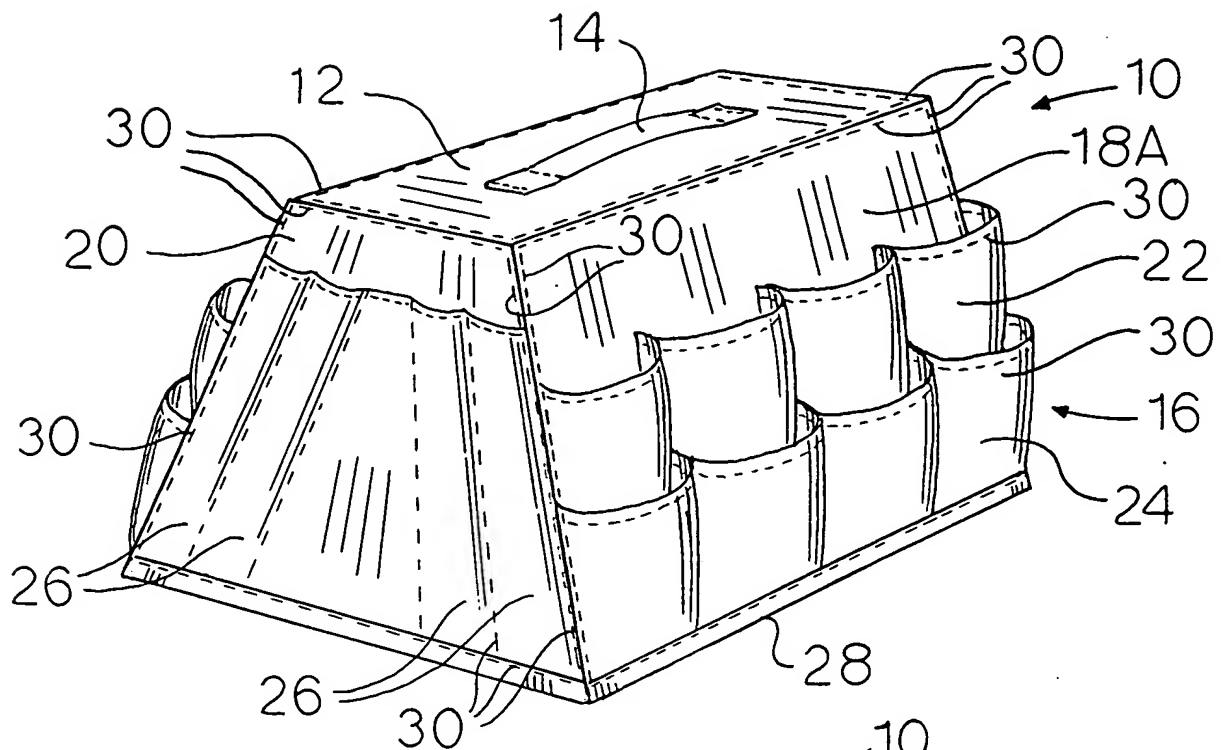

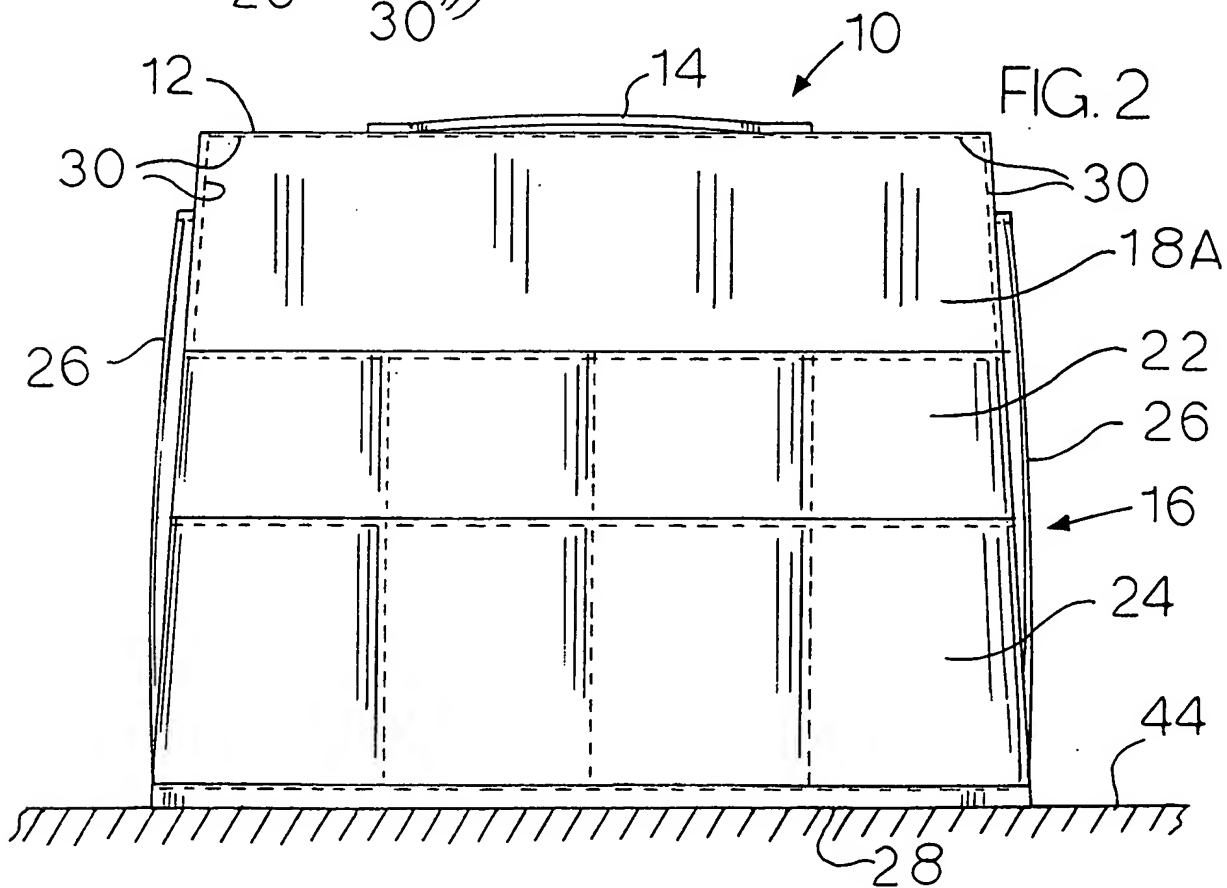

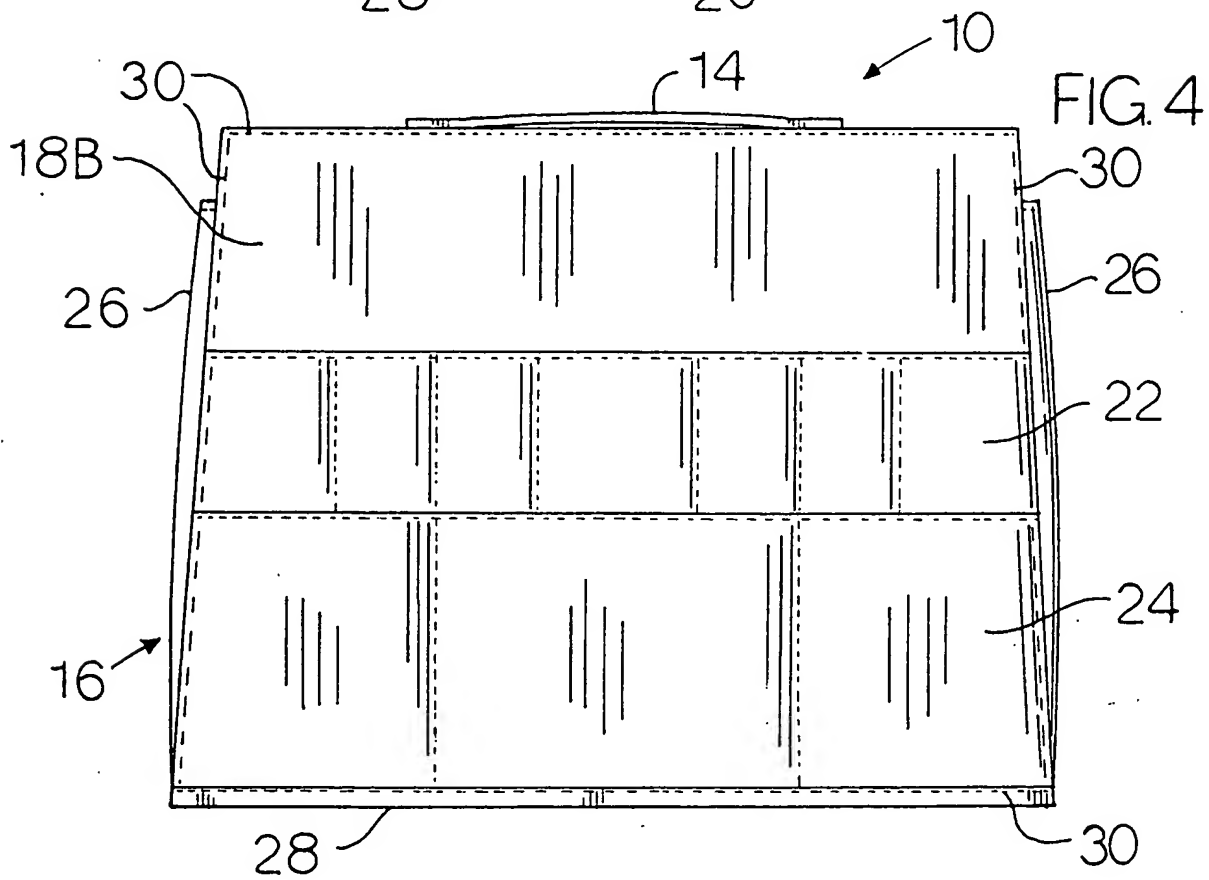

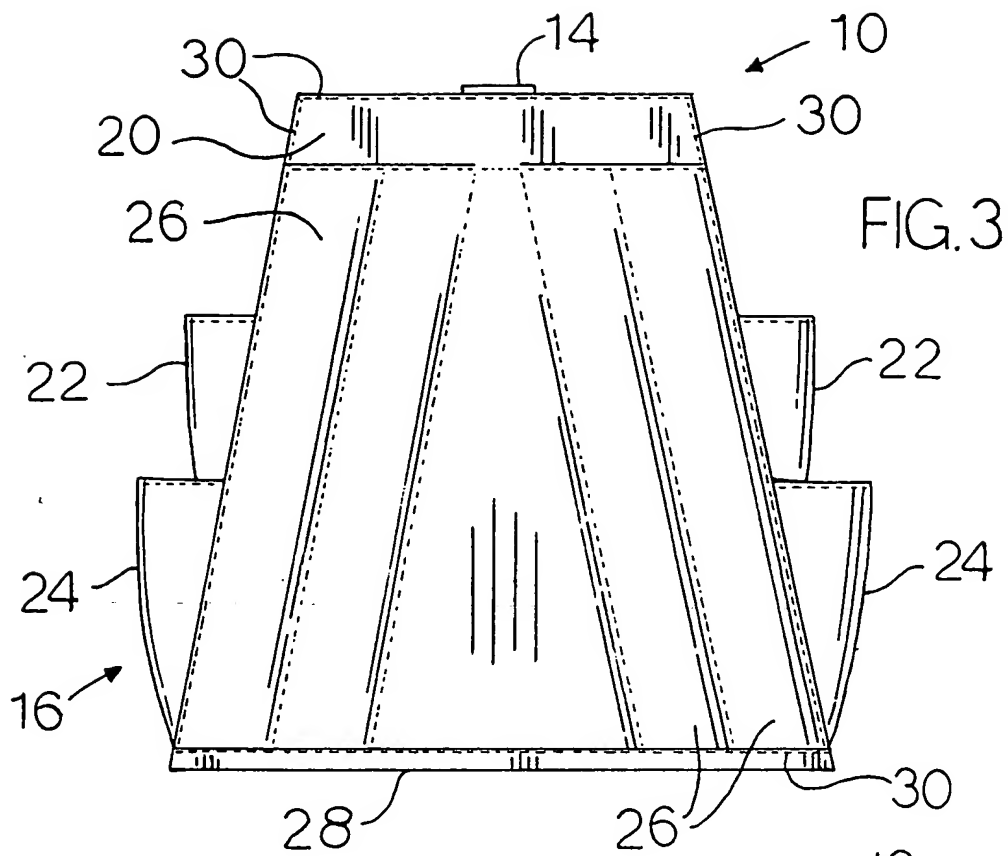

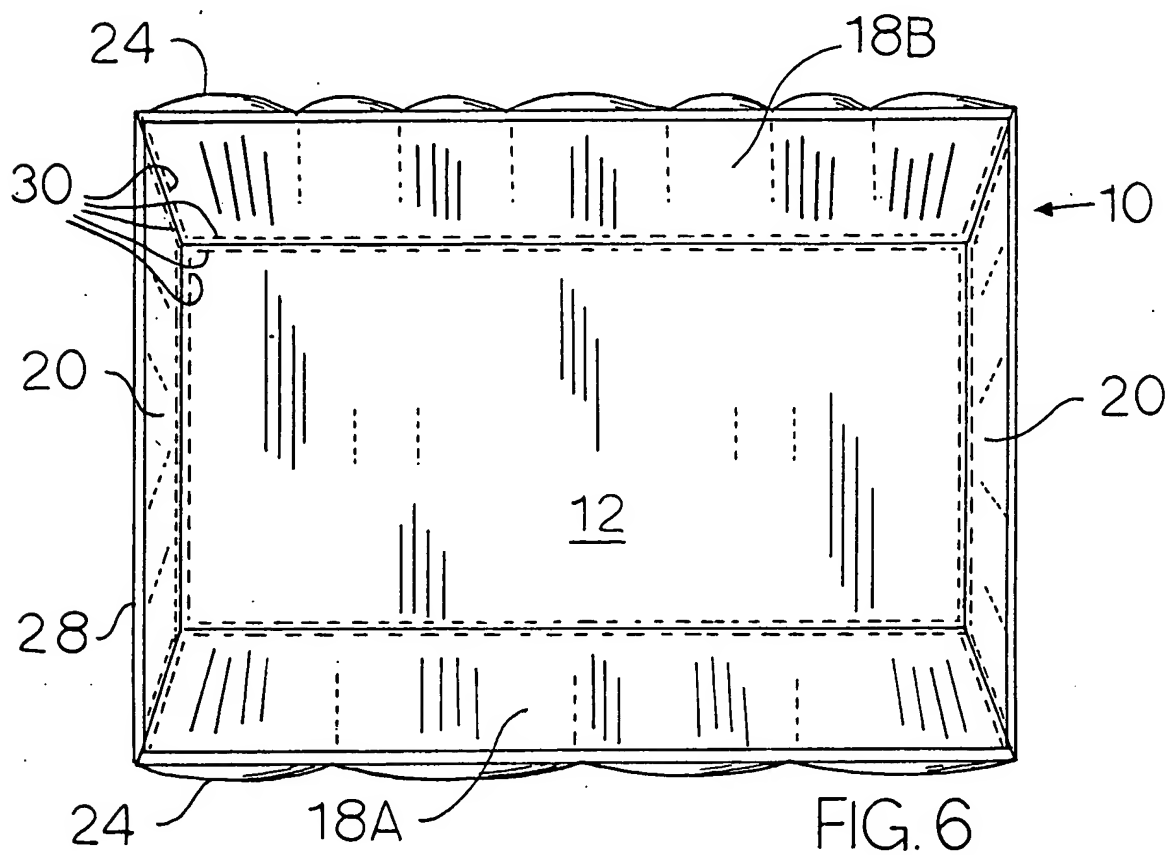

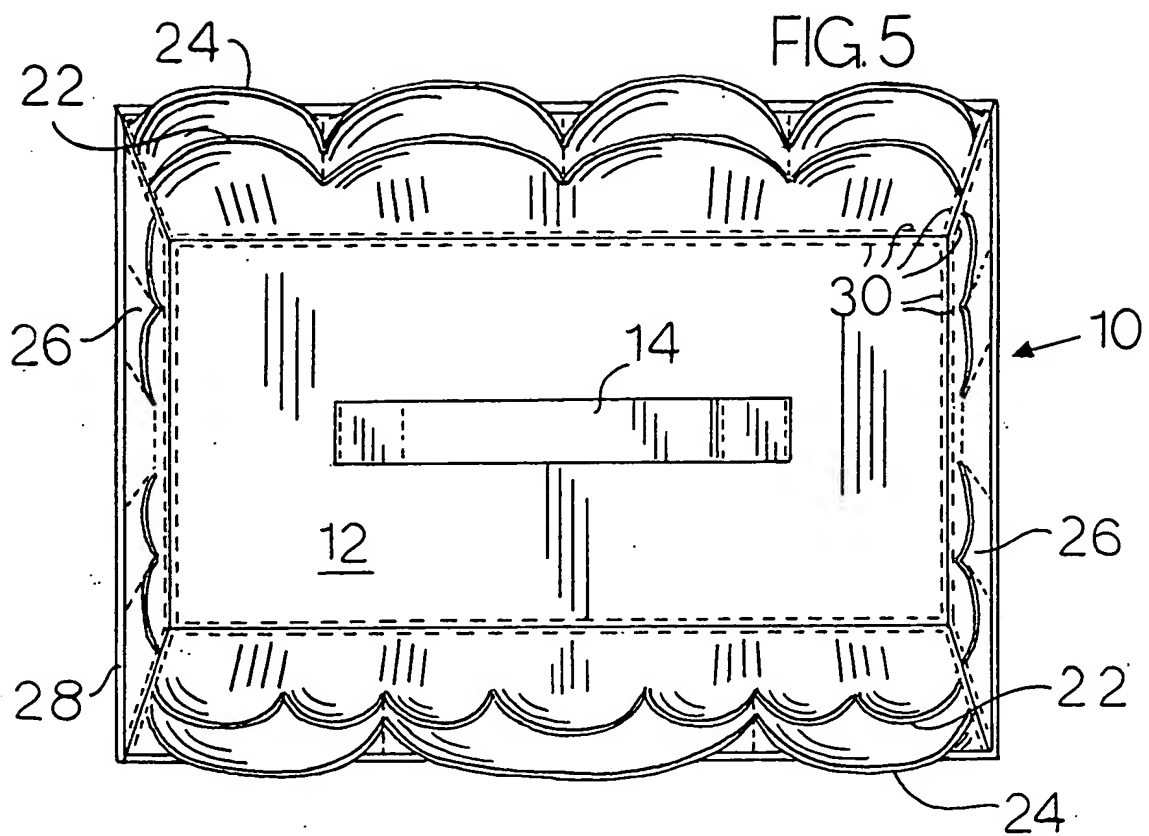

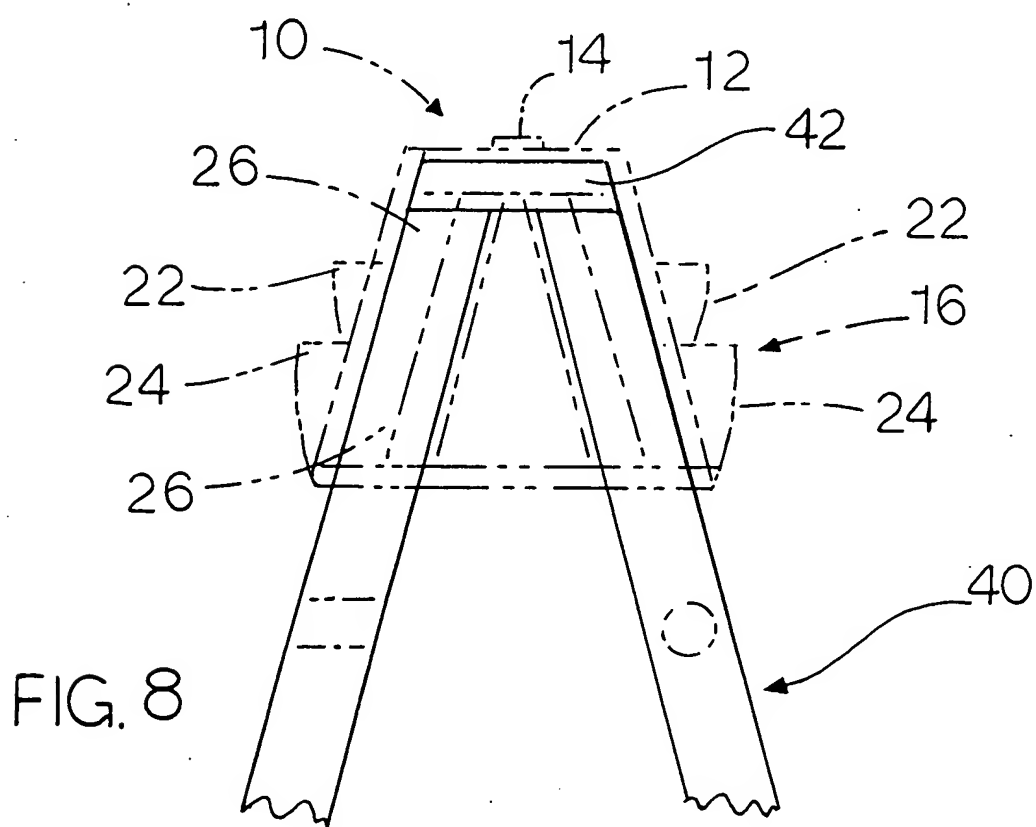

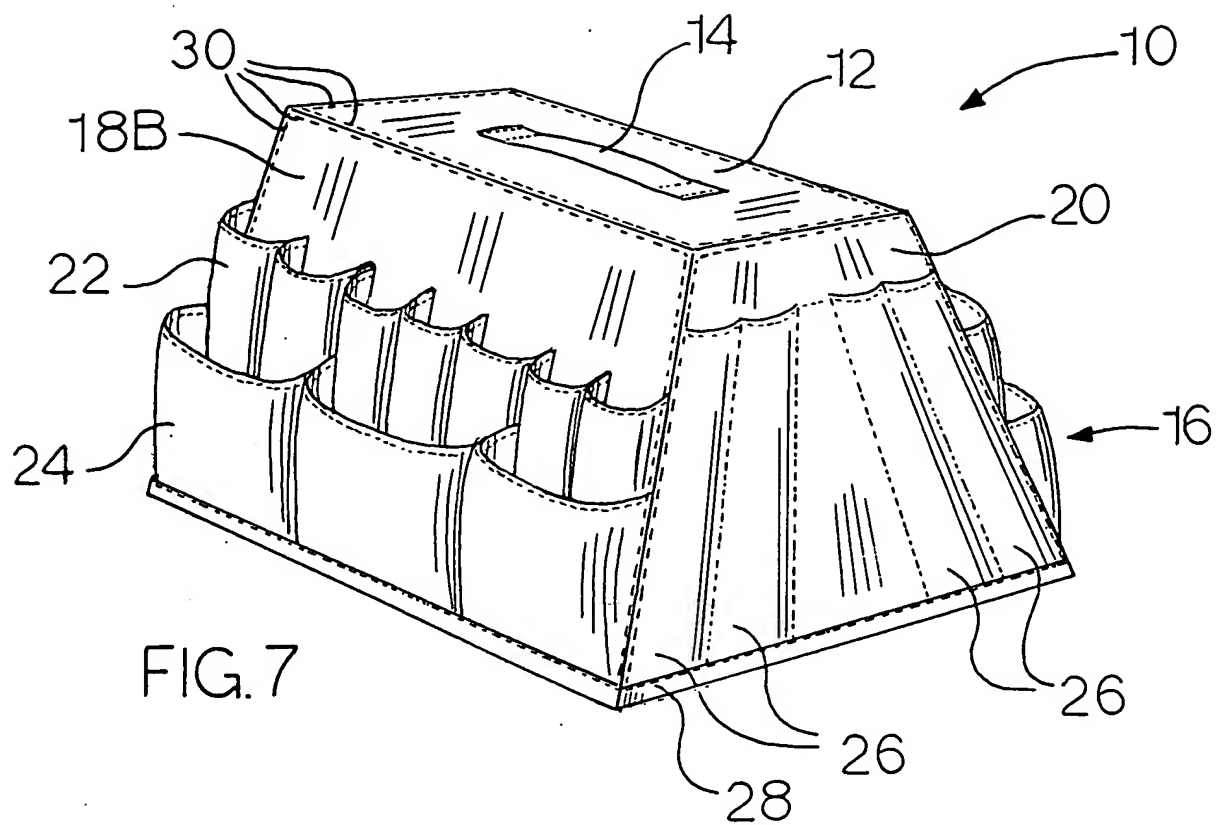

FIG. 2

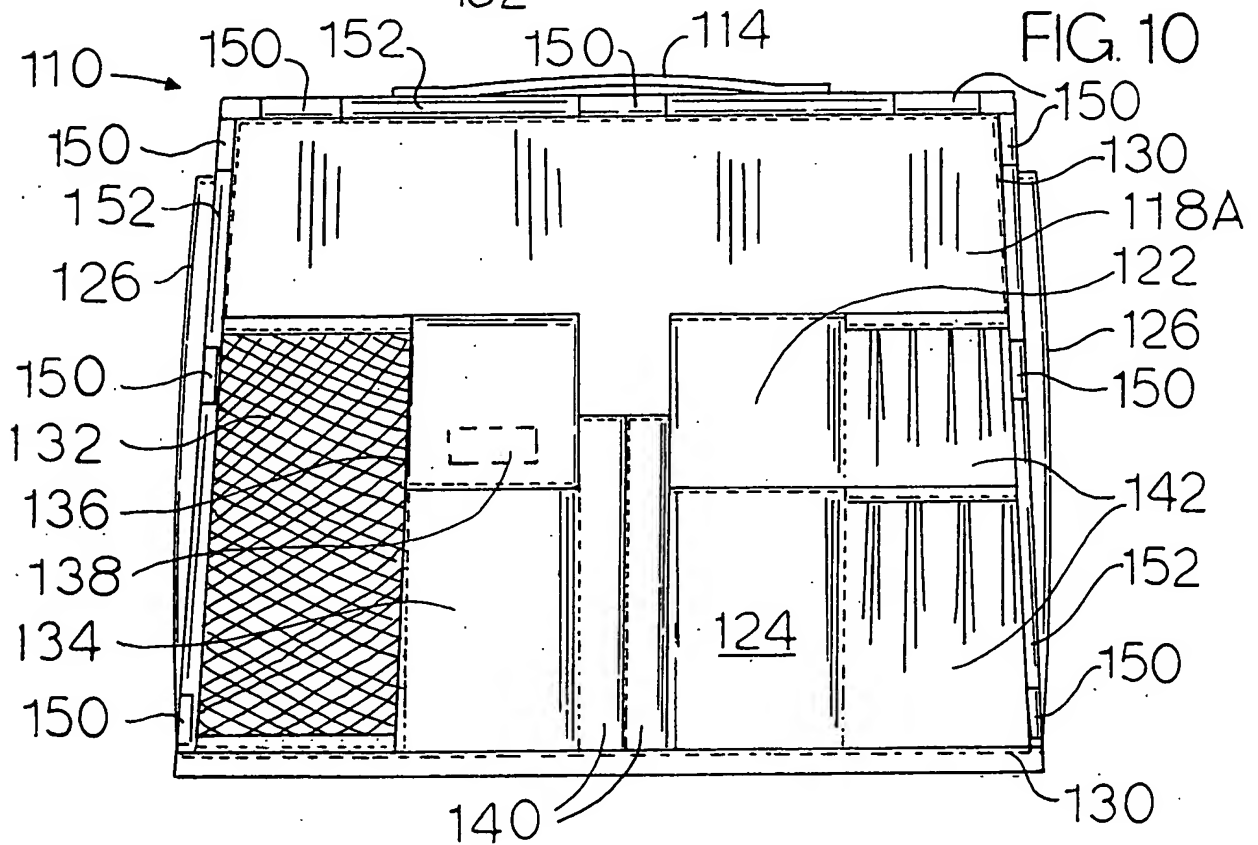

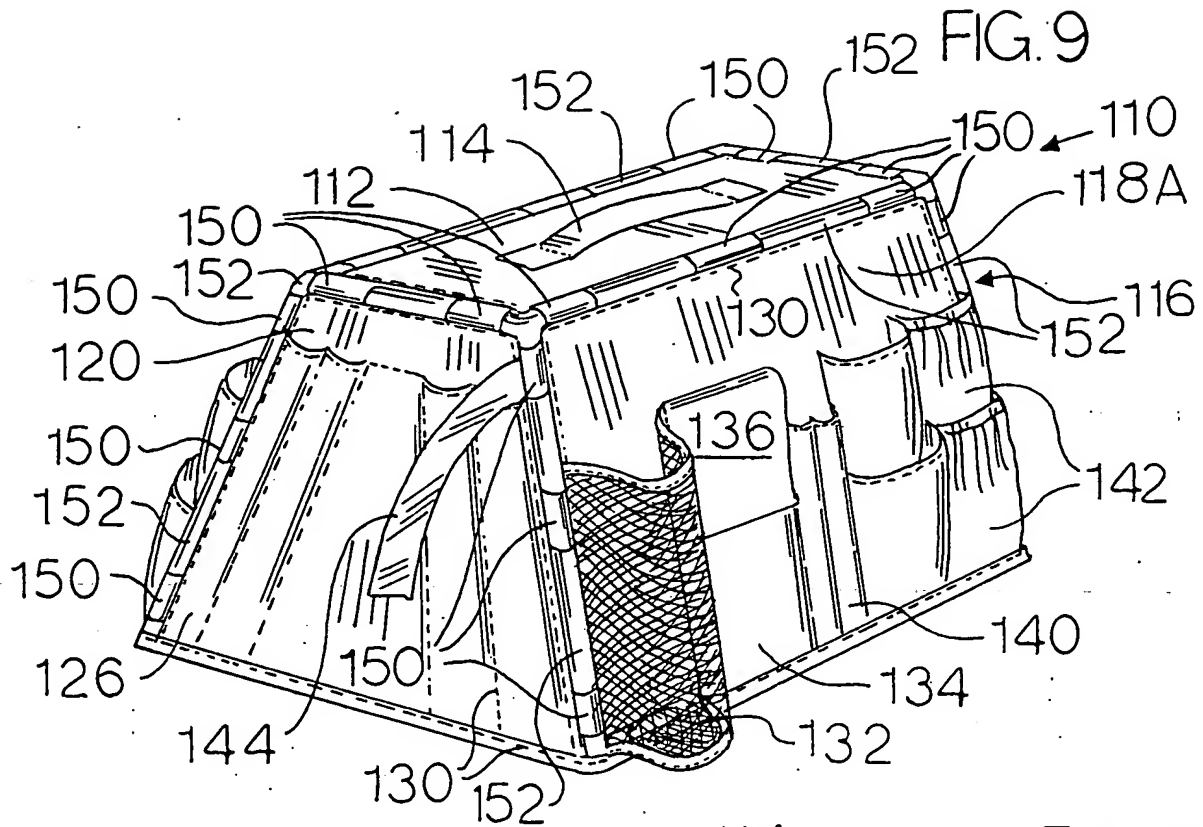

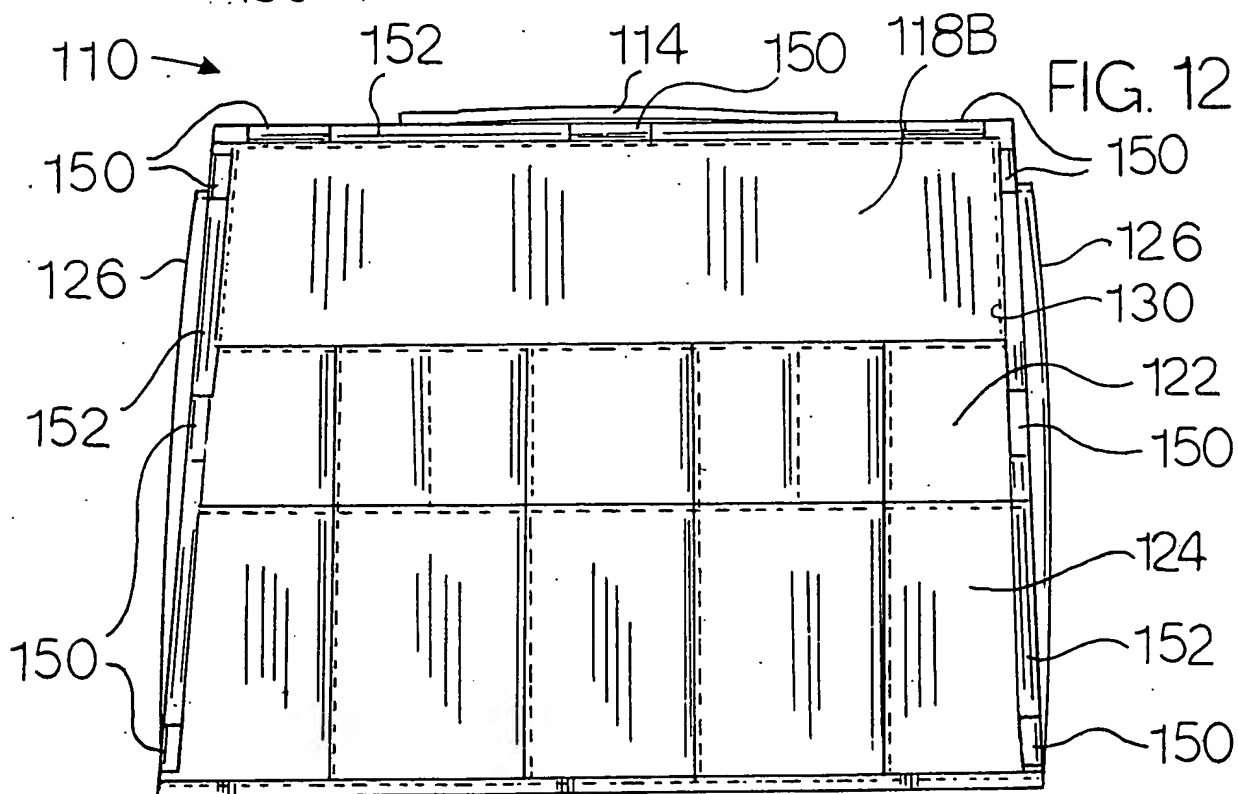

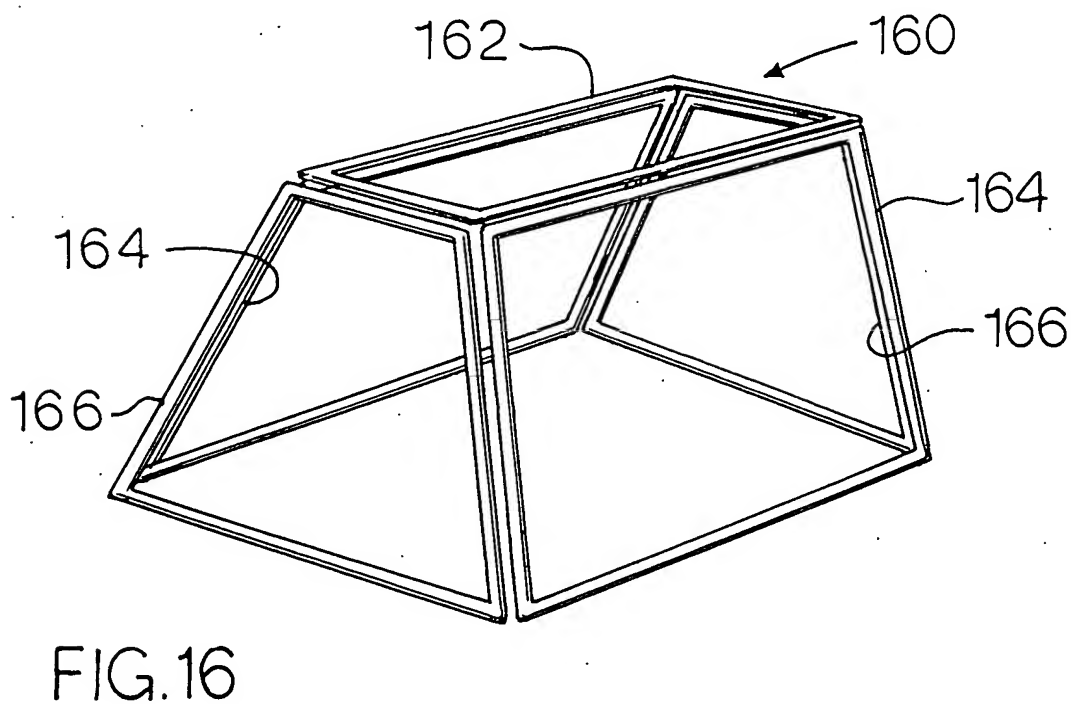

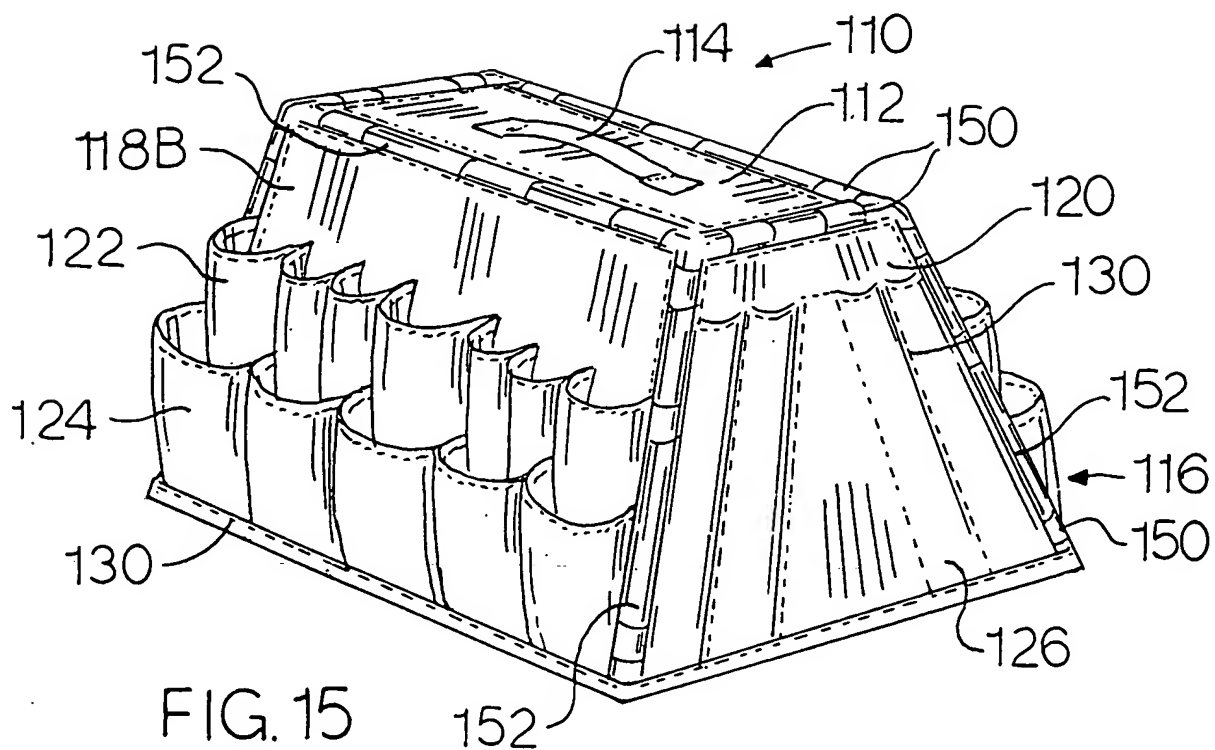

FIG. 11 shows a perspective view of the container assembly 110. The assembly includes a top surface 120, side walls 130, and a bottom surface 150. A central opening 114 is visible on the top surface. The side walls 130 are shown with dashed lines indicating internal structural features or folds. The bottom surface 150 is also indicated by dashed lines. The overall shape is a rectangular prism with a slightly tapered top.
